Assistance for Achieving Hiring Goals

WHO WE ARE ?

Letsachive Sotwares is a privately owned IT Services business formed in 2011. Today we're proud to boast a strong team of **IT Development engineers** who thrive on rolling up their sleeves and solving your IT and Development problems and meeting your business needs. We are successful at Hiring Solution positions in Hi- Tech

We provide Bench Workforce for Contract & C2H positions and Statement of Work Services for Start-ups to Mid-Large scale companies . We have Expertise in giving End to End Solution in multiple domains and latest technologies including **React, Node, Angular, Devops, Python, Java, .NET core, PHP, QA, Data scientist, Mobile applications, Ruby on Rails** etc.

Holistic Solution

Are you in search of proficient technical personnel to fulfill your hiring requirements on a short-term or long-term basis right away?

Letsachive Softwares provides a comprehensive solution to meet all your hiring needs in one place.

WHAT ARE OUR GOALS ?

Our aim is to surpass the high standards set by our clients, employees, candidates, and community, and guarantee a positive experience for everyone who interacts with us. To achieve growth and improve profitability, it's crucial for your enterprise to enhance collaboration with employees, customers, and businesses. This can be achieved by using collaboration platforms that are highly customizable, seamlessly integrate with your existing business processes, and can scale up to meet your emerging business needs.
